

Northshore Respite

The Northshore Respite color scheme is one of our most popular designs. The blues are mid-toned and are contrasted by strong warmth in both walnut flooring and wood-grain cabinets. The walls in our standard designs are light and bright which enhances the standout feature of the blue accent walls. Accent wall color can be applied to any area in which you wish to create focus and a pleasing visual break. The resulting design is welcoming and fresh.

Seaglass Calm

The Seaglass Calm design pairs an inviting shade of green with a hint of blue. The Antico commercial-grade vinyl flooring brings a warm touch throughout the space and coordinates well with the cabinet door, finished in a contemporary and clean style. The accent walls become a strong focal point and tie the greens together throughout the space. This design maintains a crisp, fresh feel with a welcoming dose of warmth.

Eventide Glow

The Eventide Glow concept combines a bold, rich group of materials against a warm, soothing wall color. The floor, in our best Amtico resilient commercial-grade vinyl, anchors the design and coordinates with the Midmark Hewn cabinet color. The accent wall color brings depth and contrast to this timeless, professional space.

Sandstone Oasis

The Sandstone Oasis color palette is a subtle, modern selection of materials against an inviting, warm wall color. The walnut flooring in our best Amtico resilient commercial-grade vinyl is one of our most versatile materials. Here it works hand-in-hand with the wood-grain cabinets and rich counter tops to provide contrast to the wall color. The accent wall color is subtle and picks up on hues in found in the counter top, flooring, and upholstery materials to create a very warm cohesive look throughout the space.
